VOLUME 48; NUMBER 13

Weed Control Main Topic At Better Farming Meeting

Fire Destroys House **And Contents Friday**

Fire early Friday morning completely burned the inside of the Art Grange residence in East Didsbury, and only the prompt action by the Didsbury Fire Brigade kept be later from spreading.

The alarm was turned in about 22-15 am and at the time Mr. and Mrs. Grange were absent from home. Within a few minutes after the siren sounded the firemen were on the job with the water tank and pump and it was not long before the fire was not long before the fire was put out, but not before contenis and the interior of the dwelling were badly damaged, with only the shell of the house left standing.

KNOX UNITED CHURCH W.M.S. The Kinox United Church W.M.S. met Monday evening, March 20, at the home of Mrs. H. Bowman with 12 members present, Mrs. F. Nicholi, Mrs. E. Ford and Mrs. R. McArthur took the study period, and Mrs. Ruth Eckel the devotional. At the close of the meeting Mrs. Bowman served lunch.

The next meeting will be held at the home of Mrs. Roy McArthur, Members please bring a donation for the March of Dimes.

Farewell Party For Mr. And Mrs. G. Huggard

A number of triends and neighbors gathered at the Jutland school Thursday evening to say farewell to Mr. and Mrs. Gilbert Huggard and family who have sold their farm and will make their home in Calgary, Games, contests and songs were the entertainment of the evening.

Miss Laura McCov **Honored at Showers**

Honoring Miss Laura McCoy an April bride elect. Mrs. Il Bowman emertained 30 guests on Wednesday evening at her home. The bride-to-he was presented with a basket of beautiful and useful gifts and the bride's sister. Twin, and Mrs. Gien Thompson assisted in uniteing the parceis. The guests enjoyed a lovely evening and a delicious lunch. Revently Mrs. W.J. McCoy and Mrs. Ken McCoy were hostesses to was 10 guests at a shower in honor of Miss Laura McCoy. The gifts were in presented in a decorated buggy, after which a delicious lunch was laura served.

Miss Jean Wilson, nurse-in-training at the University hospital in Edmonton, spent the weekend with her parents, Mr. and Mrs. Dorris Wilson.

their rounds.

On Tuesday it was reported that total collections to date amounted to \$151000, which is still almost \$1.000 short of the objective set by local officials. However, some canvassers have not reported collections and it is hoped that when all returns have been made that the Didsbury objective will have been surpassed. In the meaning the country of the meaning the rounds of their territories and turn in their bodts as quickly as possible.

Following is a continuation.

George Youngs, Returning Office et, announced last Thursday the fined results of the election held in Division 1 of the Municipal District of Mountain View No. 49, District of Mountain View No. 49, and below are the results of each poll:

Poll Goetjen Hogg A-Melvin 28 83

C-Tremona 100 51

Pollackon 107 26

C-Jelkion 28 83

PRIZE WINNING STORY

Here is what we think is the prize winning story from the Unity Courier-Herald, Sask. Some time ago, a dance was held in the Alssack school, and it seems that some the course was held in the Alssack school, and it seems that some the course was held in the Alssack school, and it seems that some the course was held in the Alssack school, and it seems that some the course was held to be a substantial feature of the course was held to be a substantial feature of the done as in progress and had switch babies and the teachers and different places. According to the result of a rect thankers and different places, and the teachers are the ground, putting them into different blankets and different places. According to the result of a rect thankers and different places, and the teachers are the ground putting them into different blankets and different places. According to the result of a rect thankers and different places, and the price which would otherwise production grows, he said.

ADVERTISING IS NEWS

According to the result of a rect thankers and different places, the propers and the prope

them in this respect would soon go out of business.

Advertising has become an essential feature of the domestic way of life, for it not only keeps people posted on current prices and information about the immense variety of commodities, services, wants, losts, founds, for sales, etc, but it also promotes local and national business upon which the maintenance and promotion of those industries and services for their employment and livelihood. Eliminate all advertising on this continent and our standard of living would head downhill.

Russiam newspapers carry very little advertising, and much of the advertising that appears is by the government urging the people to buy savings certificates. The deliberate purpose of this is to keep down the standard of living and secure cheap labor for nationalized industries, the profits from which go to maintain an army of burcaucurats, police and an immense military manhin. That is the only way the socialist system can be permanently established in any civilized country.

Advertising is thus seen by con

Advertising is thus seen by con-trast to be a vital and vitalizing part of our free and progressive way of life.—Estevan Mercury.

WE WANT GAS-AS SOON AS POSSIBLE

Residents of Alberta are getting anxious as to the outcome of the natural gas pipe lines which are being proposed to pipe aus from our large surplus to the West Coast and Western United States cities. Almost two years ago a company was organized and surveys made to determine the possibility of a pipe line, and the plan was found feasible. Since that time several other companies have been proposed and are now asking incorporation from the Deminion government, but all attempts to have these companies incorporated have so far latiled, mainly because when their charters come up for review in the House of Commons fillibusters take up the time in argument, and nothing definite is accomplished.

In the meantime the Alberta Government is in no

ers take up the time in argument, and nothing definite is accomplished.

In the meantime the Alberta Government is in no position to review the plans of the various companies to export natural gas because, while these companies to export natural gas because the same time to see that surplus gas for export, and at the same time to see that surplus gas for export, and at the same time to see that surplus gas for export, and at the same time to the proposed main pipe line.

While all this delay is taking place the communities of Alberta who could have gas made available by the gathering lines of the proposed main pipe line, must continue to wait for this utility. At the same time the provincial treasury is losing millions of dollars in tax revenue on export gas, and oil development to a certain extent is being retarded.

The time has come when the federal members of parliament must deal appenies, and either accept or reject them. And parliament may as well grant all charters, because the Alberta Government will probably grant only one license and will decide itself what company has the most favorable plan.

The people of Alberta communities are beginning to press for natural gas for fuel, which is abundant be-

has the most favorable plan.

The people of Alberta communities are beginning to press for natural gas for fuel, which is abundant beyond our wildest dreams, and which should be made available to us all at the earliest possible time.

We want gas, and want it as soon as possible. If fillibusters in Farliament continue to take the "dog in the manger" attitude" they are not doing the business which their representatives elected them to do, and are paying them to do.

ONE MAN ALONE

What can ane man alone accomplish against the world? Lost in this tiny planet whirling in the dark immensity of space, stifled by the growing complexities of a civilization till close to savagery, battered by the struggle for existence, what can one man do to keep alive the spark of human generosity and kindness that will warm his heart and set a light to guide his path?

By joining his hand with others a man can see realized the good he wishes to perform. By co-operating with others a man can help to stem the currents of misfortune and ill luck that overwhelm many.

Red Cross is a channel for the kindest impulses of each one of us. It is this great co-operative effort, this response from one heart in concert with millions that makes the Red Cross a living symbol of mercy.

Each year Red Cross extends the opportunity to

that makes the Red Cross a living symbol of mercy.

Each year Red Cross extends the opportunity to
every one of us to do something to help others, and,
in the last analysis, to help ourselves. Through its
medium we express Canada's generosity to other peoples of the world in dire need; we help our neighbour
when misfortune strikes; we lay the foundations for
the better health and well-being of our own citizens
and the coming generations. and the coming generations.

That's why we say, as the annual Red Cross appeal draws to a close, "give generously and give from the heart!"

ARCHIE BOYCE C. E. REIBER Motor Driven Brush Type

VACUUM CLEANERS

This modern G.E. Cleaner offers efficient combination of brush beat-ing action to shake loose dirt and grit, together with powerful suction to whisk these materials into the cleaner bag. Streamlined aluminum construction for light weight, reduces cleaning fatigue. The dependable air-cooled motor never needs oiling. Dirt-spotter light illuminates dark corners, under furniture.

A.M.A. Road Reports **Grow in Popularity**

Severe weather conditions in reent weeks have drawn special atmition to the daily road services
rovided by branches of the Alterta Motor Association in Edioniton, Calgary and Lethbridge.
Thousands of calls dealing with
ghway conditions were handled
rovided with the latest official
formation, and thus saving them
uch inconvenience and facilitattog their motor trips on various
ghways.

ome offices were flooded with tests for the latest reports as to ther roads were open, just what driving conditions were and ted data.

Many found out that this road ervice was not something "out of the blue" when a storm occurs but scarried on from day to day throughout the year by the motor pluts. In this way, they are a vital actor in keeping traffic moving unsothly in Alberta.

News Notes From the District Agriculturist

By Hugh McPhail, D.A.

One of the main reasons farmers have been using formaldehyde in-tead of mercury dusts such as eresan M and Leytosan, has been he objectionable fumes from these, idury treatment overcomes that impleasantness, and the following

Slurry Method of Seed Treatm The slurry method of seed treatment for smut control

lteatment for smut control is coming more popular with eu seed treating operators. This involves the suspensio disinfectant in water and its pileution to the seed in a p form rather than as a dus powder.

Dorn The slurry method eliminates fiying dust during operation. The treated seed can be stored under the same climatic and atmospheric surface dust as untreated seed or surface dust.

the same climatic and atmospheric conditions as untreated seed of seed treated with mercurie dustream provided the seed grain contain less than 16 per cent moisture. One of the slurry-type seed did infecting machines available today in its the Gustatson slurry treater soin in Canada by Canadian Industrical Limited. Its accuracy and simplication of the seed of the Lexiberican of the seed of the seed of the seed of the Lexiberican of the seed of the seed of the seed of the Lexiberican of the seed of the seed of the seed of the seed of the Lexiberican of the seed of

Limited. Its accuracy and simp "J. It is claimed, enables the m hexperienced operator to do etfecient and fast job of treat! The operation involves the s chronized release of a spec weight of seed and the con amount of slurry with a freque that provides an almost continual flow into the mixing chambe The seed flows from the hop through an adjustable seed g onto a counter balanced pan. Wit the correct weight is reached pan trips and dumps the seed of the mixing chambe. A rachet vice automatically understanding by advances weighting, tripping, measuring ; mixing is done automatically. The Gustafson slurry treater The Gustafson slurry treater

Weighing, tripping, measuring and mixing is done automatically.

The Gustafson situry treater is a most up-to-date machine in which "Ceressan" M. a comparative with the controlling seed-borne disease in cereal grains can be used, it can be adapted for the use with "Arassan SF". a fungicide especially formulated for disinfecting corn, soy beans and such vegetable seeds as cabbage, peas, tomatoes, turnips and legumes.

Another slurry type of machine available is known as the Panogen machine installed at AS.G.O. Cammose. Its principle of operation is similar to that of the Gustafson. The Panogen Company also selis Panogen disinfectant containing a mercurial compound. Panogen disinfectant containing a mercurial compound. Panogen disinfectant containing a mercurial compound. Panogen disinfectant contains a purple dye, such dye showing up well on treated grain.

The Gustafson seed treater is now installed at the Camrose seed cleaning blant and used for seed cleaning blant and used for

The Gustaison seed freater is now installed at the Camrose seed cleaning plant and used for over a year. It has operated very satisfactorily. This machine retails for about \$600.00. The large Pano-gen machine is somewhat more ex-pensive, retailing at approximately \$800.00.

THE SPARKLING NEW

WORLD'S FIRST GAS

Motoring history was made in Northants. Britain, recently when a gas turbine car was demonstrata gas turbine car was demonstrat-ed for the first time anywhere in the world. It is an open 2-seater with the engine placed behind the seats. The engine starter and the car has only two pedals, accel-crator and brake, Fuel may be gas diesel oil or paraffin. During tests the car reached 85 m.p.h. and ac-celerated from a standstill to 60 m.p.h. in 14 seconds.

LITTLE ITEMS OF

Mrs. E.G. Ranton left Monday or Edmonton to visit with friends and relatives.

Ron Gordon returned to Taber last Wednesday to resume work of overhauling road marhinery for Shannon and Tuggle, prior to the start of spring operations.

Spring must be here if the re-turn of birds from the south is any indication. Mrs. Ed Berscht reported Saturday that she had seen a bluebird that day on her way to town from the Eikton dist-riet.

Gordon Wordie arrived by plane from Vancouver last week and spent a short time in Didsbury with his parents, Mr. and Mrs. J. W. Wordie, prior to leaving for the north country where he will again be employed by the Casba Exploration Company.

Mr. and Mrs. Ed Dahms and two children. Susan and John, and Mr. and Mrs. Lary Gabel and son Harry, motored up from Calgary Sunday to spend the day at the home of Mr. and Mrs. H.W. Gabel.

Mr. and Mrs. Harry Janzen and Mr. and Mrs. Henry Lepp left on Tuesday for Saskatoon, Saskatche-wan, where they will reside in

in Calgary. It is all important to attack the disease in its early stages. The earlier in fact the quicker and easier is the eure. Frequently it is only by means of an x-ray that is only by means of an x-ray that an early diagnosis can be made, and that is why mass radiography is so valuable. The mobile x-ray unit will be remembered by many. We are informed that it will probably be another two or three years before this unit comes our way again. Meanwhile, come to our clinic if you have the slighest subjector.

"Think If you have the slighest uspicion.

Really striking and first class work is being done by the Alberta inbereulosis Association. Their adice, which we heartily endorse, is his: Do not run unnecessary risks. If you know a person who has left he sanatorium against medical dvice, or has been advised by the doctor to go to the sanatorium, all refuses to go, try to stay away or man that person. Do not worry, owever, about ex-patients who awa left the sanatorium with the octor's consent. They would not awa been given permission to cave unless their disease was arrested. Keep clear of persons who pit or who fail to over the nose and mouth when sneezing. Get sough sieep and rest. Eat well ashaced meals, Avoid worry and ear. Find a doctor in whom you are confidence and see him when-ver you need advice. Have him heek your health once a year. The host x-ray is a sure way to find E. early. The carlier your doctor indis anything wrong, the sooner can make it right.

WILLIAM C. AMMAN, Medical Officer of Itealty.
